IMMORTALITY.

BY MATTHEW ARNOLD.

[Matthew Arnold, the son of the great Arnold of Rugby, schoolmaster and maker of boys, is celebrated principally as a literary critic of unusual acumen and polished style. There are a number of poems, however, to his credit, several volumes coming from his pen. The sonnet given below is considered to be the best he has written in that form.]

Fold'd by our fellow men, depress'd, outworn,
We leave the brutal world to take its way.
And, Patient? In another life, we say,
The world shall be thrust down, and we up-
borne!

And will not, then, the immortal armies scorn
The world's poor routed levies? Or will they
Support the fervors of the heavenly morn?

No, not the energy of life may be
Kept on after the grave, but not begun!
And he who flag'd not in the earthly strife
From strength to strength advancing—only he
His soul well knit and all his battles won
Mounts, and that hardly, to eternal life.

The Illinois Central railroad officials announced the first of the week the plans of the new railroad station for Louisville, and the immensity of the improvement has caused great comment. It is planned to spend some \$700,000 on the station, thus providing one of the most commodious and convenient stations in the whole south. It is a pity that Louisville could not have a union station, so that all passengers might change trains without the delay, expense and vexations of hack transfers across the city.

TEACHERS

Of Muhlenberg's Schools Are Spending the Week Here in Institute Work.

Muhlenberg's most important personages, the teachers of her schools, have been here this week in annual institute work. About seventy-five of the teachers have been in attendance, several being kept away by sickness and other unavoidable causes. The interest has been deeper and more general than ever before, every session brimming with good things, and those engaged willingly staying for as much as an hour, often, beyond the schedule hours, so intense was the desire to get full benefit. For the first time in the history of the county, a woman has been engaged as instructor, and in Miss L. E. Patridge, of Boston, the teachers have one of the best instructors they have ever had. In her talks she is earnest, convincing, inspiring; she exhausts the topic, and arouses the greatest enthusiasm and determination in the hearts of all listeners. The teachers are highly pleased with her, and the feeling is mutual, for in public and private Miss Patridge has expressed her gratification over the splendid attention and interest constantly manifested by the teachers, and at the high standard of intelligence of the individual members of the body.

The line of work that has been done, and under contemplation, covers a wide variety of school work, management, teaching, etc., and all topics have been thoroughly discussed, all persons assigned to work taking it up readily. County Superintendent J. E. Shaver is chairman, and Prof. C. C. Hayden was elected vice-chairman, while Prof. V. M. Moseley is making an efficient secretary. Many visitors are attending, the court room being fairly well filled at all sessions. Miss Patridge will deliver a lecture at the court house to-night, the subject being "What We, the People, Shall Do to Be Saved." The public is cordially invited to attend, and the room should be filled, as it is certain the speaker will have a message that will please and help.

All persons indebted to Dr. A. Lewis, deceased, will please come up and settle same at once. H. C. Lewis, at Muhlenberg County Savings Bank is empowered to make all settlements. Respectfully,
19-21 SARAH C. LEWIS, Adm.

The possibilities of development are unlimited, offering every advantage, in its eight acres, for the making of ideal surroundings to a home. For the present the property will be rented.

WOMAN KILLED

On Road Near Earles Last Thursday Night and the Body Dragged Into the Bushes.

Nothing Known About the Horrible Crime Until Body Was Found Early Next Morning.

TWO MEN ARRESTED

Another shocking murder has been committed in this county, the seventh that has occurred since the April circuit court, and all of them have been of a revolting nature. About sunrise last Friday morning Wes Matheny and Guy Mercer found the dead body of Mrs. Victoria Moore lying in a clump of bushes near the road, a short distance from the home of her neighbor, Mr. James Durall, south of Earles. Mrs. Moore had started from her home to that of Mr. Durall about 8 o'clock the night before. It was only a few hundred yards away, and about 8 o'clock the family heard a gun shot, but paid no particular attention to it, as such things are common. There was nothing known of the intended visit of their neighbor, so no investigation was made. Half of the woman's face had been shot away, and there was evidence of hogs having been at the body, eating from the side opposite to the one where the shot had taken effect. In the roadway a short distance off there were signs of a struggle, as there were strands of hair, a plate of false teeth, hair pins, etc., scattered over the road, and the footprints of two people marking the dust. The body had been dragged into the bushes, but had evidently lain in the road for some time after falling there, as the flow of blood had stopped before it was moved. The coroner was called, and at the inquest sufficient evidence was gathered to have warrants sworn out against Gene Haley, aged about 17, a neighbor boy, and against the husband of the murdered woman. She was the wife of Lane Moore, from whom she had been separated several weeks, and against whom last week she had instituted proceedings for divorce. Moore was arrested in Hopkins County, and claims he had been there for several days preceding the murder, and that he can prove an alibi and establish his innocence. It is reported that Haley was seen talking with the murdered woman just before she started on her visit, and that he had a shot gun with him. The case is an ugly one, and has caused the widest comment. Both men are in jail, and will be given an examining trial at 9 o'clock this morning.

A WORKER'S PRAYER

Lord, speak to me, that I may speak
In living echoes of Thy tone;
As Thou hast sought, so let me seek
Thy erring children, lost and lone.

O lead me, Lord, that I may lead
The wandering and the wavering feet;
O feed me, Lord, that I may feed
Thy hungering ones with manna sweet.

O strengthen me, that while I stand
Firm on the rock, and strong in Thee,
I may stretch out a loving hand
To wrestlers with the troubled sea.

O give Thine own sweet rest to me,
That I may speak with soothing power
A word in season, as from Thee,
To weary ones in needful hour.

vocate.
